Summary

I am a highly skilled Java Backend Developer with a strong passion for building scalable and efficient solutions. I have a deep understanding of Java programming language and its related frameworks. I specialize in designing and implementing robust backend architectures, optimizing database performance, and integrating third-party APIs. I am dedicated to delivering high-quality code and thrive in collaborative environments.

Education

NIIT

Higher National Diploma, Computer Software Engineering

2020 - 2023

Skills

Java • REST APIs • SQL and Database Management Systems (e.g., MySQL, PostgreSQL) • Spring Framework (Spring Boot, Spring MVC) • ORM Frameworks (e.g., Hibernate, JPA)
